Bluepoint Solutions Donates to Tsunami Relief

Urges Other CU Vendors to Follow Suit

Vista, Calif. -- Bluepoint Solutions, a premier provider of document management solutions for credit unions, today announced that it has donated \$1,000 to the tsunami relief effort currently being coordinated by the World Council of Credit Unions. According to the Council, more than 800 credit unions were destroyed in Sri Lanka alone.

"Given the magnitude of this catastrophe, \$1,000 isn't a lot of money," says Hal Tilbury, Bluepoint CEO and founder. "However, if all the companies that prosper from their relationships with credit unions find their way to contribute similarly, maybe we really can make a difference." Tilbury hopes that this donation sets an example for others in the industry.

Additional information is available at the Council's website, located at www.woccu.org. Alternatively, contributions can be mailed directly to the following address:
